Projects

Connect Our Kids React Native Mobile App

June 2019 to July 2019

Worked on a team with 4 other engineers building a React Native application to supplement the web version of the existing service for Social Workers to help locate extended family members of foster children to help prevent them from having to be integrated into the foster system if a willing and able family member can be located.

Hurry Up Print Website

Dec. 2019 to Current

An e-commerce print shop website for a local print shop in Reno with a user registration / login system where orders can be placed and more. Also has an admin dashboard for the owners to login and view customer info, order info, add or adjust products, etc. Front end built out with HTML5 and Materialize CSS plus custom styles utilizing CSS3. Server side language used is PHP and a MySQL database. LAMP(Linux Apache MySQL and PHP) stack

Cool Table

Mar. 2018 to Apr. 2018

A site designed to allow multiple users to upload and take multi-answer quizzes to prep for upcoming tests and a place to post notes and share comments with each other as well
